

### Distribution of New Telephone Directories Nearly Completed

Delivery of more than 57,000 copies of the new telephone directory for Torrance, Lomita, Harbor City, Wilmington and San Pedro will be completed sometime this week, according to A. B. Smith, manager of the Pacific Telephone and Telegraph Co.

Containing 278,000 alphabetical listings, the new book of numbers reflects the accelerated telephone growth here by showing an increase of 40,000 listings over the October 1951 directory.

From the time of distribution of the old book until the new edition was published, 1500 telephones have been added in the Torrance, Lomita, San Pedro and Wilmington exchanges, Smith said.

Total number of pages of the new gray-covered directory, which will be in service for 12 months, has jumped to 1280 for an increase of 128 over last year's issue, the manager said. Smith again reminded subscribers to shake out their old books before turning them in to the directory deliveryman and to use the new book when placing calls.

In the past, he said, many valuable listings have been found among the pages of the old directories.
